

Cookie Policy

How we use cookies on our website, and how to choose to manage or remove them if you wish to do so.

A cookie is a small piece of data sent from a website and stored on your computer or mobile phone when you visit a website. They are helpful because they help to make a website work better for a user.

Our cookies

Google Analytics

We use Google Analytics on our website to show us useful statistics about the number of visitors using our website. Google Analytics sets its own cookies which enable the service to work. More information can be found on Google's Page <https://developers.google.com/analytics/resources/concepts/gaConceptsCookies>

.

Preventing the use of cookies

All major web browsers have the ability to see if cookies are used and if they are blocked entirely, the links below contain instructions on how to do this for the major web browsers.

- [Google Chrome](#)
- [Microsoft Internet Explorer](#)
- [Microsoft Edge](#)
- [Mozilla Firefox](#)

Note: disabling cookies can affect the ability of most websites and certain features will no longer work
